

SUMMARY ROCK-TYPE KEYWORDS

hypabyssal
hypabyssal felsic
hypabyssal intermediate
hypabyssal mafic
hypabyssal ultramafic
igneous
ophiolite
plutonic
plutonic anorthosite
plutonic charnockitic
plutonic felsic
plutonic intermediate
plutonic mafic
plutonic ultramafic
quartz vein
volcanic
volcanic felsic
volcanic felsic marine
volcanic felsic non-marine
volcanic intermediate
volcanic intermediate marine
volcanic intermediate non-marine
volcanic mafic
volcanic mafic marine
volcanic mafic non-marine
volcanic marine
volcanic non-marine
volcanic ultramafic

amphibolite
breccia
carbonate marble
gneiss
gneiss ortho
gneiss para
hornfels
metaigneous
metamorphic
metaplutonic
metasedimentary
metavolcanic
migmatite
mylonite
schist
schist greenschist
siliciclastic pelite
siliciclastic phyllite
siliciclastic psammite
siliciclastic quartzite
siliciclastic schist
siliciclastic schist graphitic
siliciclastic schist pelitic
siliciclastic schist psammitic
siliciclastic schist semipelitic
siliciclastic semipelite
siliciclastic slate

carbonate
carbonate dolostone
carbonate limestone
chert
coal
evaporite
evaporite gypsum
melange
mixtite
sedimentary
sedimentary marine
sedimentary non-marine
siliciclastic
siliciclastic argillite
siliciclastic black shale
siliciclastic conglomerate
siliciclastic marine
siliciclastic marine argillite
siliciclastic marine conglomerate
siliciclastic marine sandstone
siliciclastic marine shale
siliciclastic marine siltstone
siliciclastic non-marine
siliciclastic non-marine argillite
siliciclastic non-marine conglomerate
siliciclastic non-marine sandstone
siliciclastic non-marine shale
siliciclastic non-marine siltstone
siliciclastic sandstone
siliciclastic shale
siliciclastic siltstone
volcaniclastic
volcaniclastic felsic
volcaniclastic mafic
